# PFI WHEEL BEARINGS

## DESIGN ATTRIBUTES

- Forged SAE 52100 raceways with precisely matched rolling elements specifically designed to handle the load requirements for each application.
- Double row ball bearing and high load double row taper roller versions for extended life and reliability.
- Labyrinth multi-lip seal design that ensures superior contamination exclusion and maximum bearing life.
- OE-style ABS integral sensors for proper feedback and stronger ABS signal, where applicable.
- Extreme pressure resistant premium greases for enhanced bearing protection under high loads and shock load operating conditions.
- Manufactured within the scope of our registered ISO9001:2008 quality system.

### THE PFI ADVANTAGE

We offer an extensive line of wheel bearings for passenger cars and commercial vehicles. We continuously scan the market for new applications, and aggressively invest in the manufacturing of new types. Our goal is to offer the PFI end user complete product coverage and immediate availability.
